Weathertight

John Deere's 530 Baler makes dense, solid bales that stand up to Mother Nature.

The 530 Round Baler builds 6x6-foot bales, weighing up to 1850 pounds, that stand up tall to limit ground contact.

Their solid design means they'll stand up through rough weather, too. See us soon.

Flies can cut milk production by 10-20% during hot months unless you have an effective control program. This amazing Bit-Level solid state electronic system gives you full-time, full-season control with little or no effort on your part. You can even install it yourself. Just program it and forget it for weeks at a time.

HOME ECONOMIST.

Kubota built the thrifty little B5100 Tractor with economy in mind. But they didn't economize on its features.

It has a sturdy 12 hp 2-cylinder diesel engine, standard rear PTO, 6 forward and 2 reverse speeds, hydraulic 3-point hitch, independent rear brakes, differential lock, and your choice of two- or four-wheel drive.

It can handle a mid-mount mower, rotary tiller, plow, front loader, disc harrow, and rear blade. Not to mention a tight budget.

KUBOTA
We're looking for work.

THE DIESEL LAWN MOWER.

Kubota has a whole new way to cut the grass. It's the first diesel lawn and garden tractor in the country.

Kubota's G-Series lawn and garden tractors come with water-cooled 2- or 3-cylinder diesel engines. They're built to outlast ordinary gas mowers by several seasons.

There are four G-Series models, from 10 to 14 horsepower. They all have live front PTO shaft drive to the mid-mount mower. You can choose a hydrostatic transmission. And you can choose a variety of implements including a snowblower, tiller or front blade.

So don't let the grass grow under your feet. See the G-Series soon.

KUBOTA
Nothing like it on earth.™

Feeder calves, grow-off, replacement heifers, registered or non-registered cows, grass tetany... it's the language of beef cattle. And you've got to speak it to succeed.

We speak Beef Cattle.

We make all kinds of short term loans to farmers for equipment purchases, operating expenses, whatever you need for your operation.

We're farmer-owned and farmer-controlled. We know what you're up against. Call or come by today.
